MEDIA RELEASE

London, England June 2024

Retirement Announcement

Storm hereby announces the retirement its SEVP, Peter Jarvis.

As one of the Company's founders in early 1986, Peter has spent over half a lifetime leading our sales and marketing team. His contribution, particularly with regards to both product development strategy and building a worldwide market for the Storm brand, has been immense. Simply put, the business would not be where it is today were it not for his efforts and achievements.

Peter was a passionate and knowledgeable advocate for accessibility and the team here at Storm hope to continue his legacy of 'making technology accessible'.

We understand that Peter may have been the main point of contact for some customers and we would ask that in the first instance they contact sales@storm-interface.com please.

We send Peter our sincerest thanks and best wishes for a long and happy retirement.

Background Information:

About Storm Interface

For more than 35 years Storm Interface have designed and manufactured secure, rugged and reliable keypads, keyboards and interface devices. Storm products are built to withstand rough use and abuse in unattended public-use and industrial applications. Storm Assistive Technology Products are recognized by the Royal National Institute for Blind People under their '**RNIB Tried and Tested**' program. Storm's products are in use in over 65 countries worldwide.
